

Windham Weaponry

TACTICAL

FALX – SWT18

FALX - SWT18

The Windham Weaponry FALX SWT18 tactical semi-auto shotgun is designed and engineered by Windham Weaponry with precision and attention to detail. It features a 7075-T6 aluminum receiver with a reinforced Picatinny rail integrating a rear sight, a 4140 carbon steel barrel with integrated front sight, and a durable composite stock and handguard. The handguard includes M-LOK slots and QD sling points for modular adaptability. A rear-positioned extended release button enables fast and efficient unloading, ensuring reliable performance when it matters most.
