

THE OWL Rifle Suppressor by windham weaponry

THE OWL

Silence. Strength. Precision. At Windham Weaponry, precision and reliability have always been our core values. Our suppressors are engineered with the same uncompromising standards as our rifles, built to deliver durability, accuracy, and unmatched performance in the field offering shorty and long length.

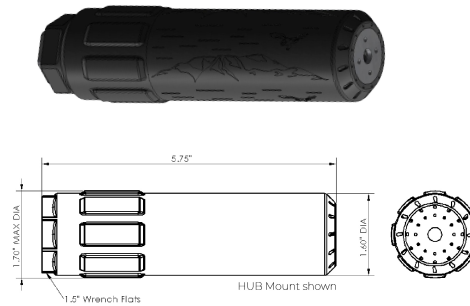

WHY THE OWL?

Like the owl's silent flight, our high-quality THE OWL Rifle suppressor by Windham Weaponry delivers near-echoless performance through smart geometry and advanced materials. It moves through the air with surgical suppression, letting the shooter remain unseen and unheard while preserving the point of impact and repeatable accuracy. The Aerospace Grade materials and "Intermittent flow" system provides the best in suppression with extremely low blow back. Available in two color options.

LIFETIME TRANSFERABLE WARRANTY

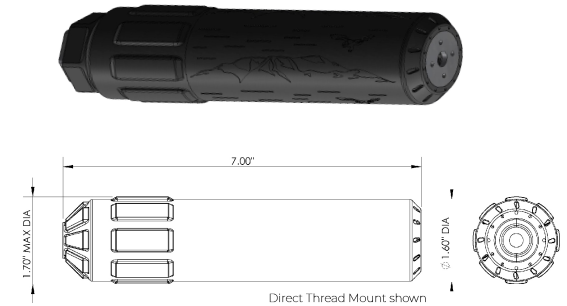

Windham Weaponry is proud to offer a Lifetime Transferable Warranty on all its suppressors for any and all manufacturer's defects in material and workmanship. For complete details Visit windhamweaponry.com
